

## 35 CONTINGENT LIABILITIES

### a) Legal proceedings against the Company

The Company is aware of the following matters, which involve or may involve legal proceedings against the Group:

- (i) Claims and potential claims by or on behalf of current and former employees, including former employees of the Central Electricity Generating Board (CEGB), and contractors in respect of industrial illness and injury.  
RWE npower has agreed to indemnify International Power plc on an after-tax basis to the extent of 50% of any liability that the Company may incur whether directly or indirectly as a consequence of those proceedings to the extent such liability is not insured by Electra Insurance Limited.
- (ii) In 1994 separate complaints were made by the National Association of Licensed Opencast Operators (NALOO) and the South Wales Small Miners Association (SWSMA) to the European Commission against the Company, PowerGen plc, British Coal Corporation and HM Government. The complaint alleges violations of EU competition law arising out of the coal purchasing arrangements entered into by the CEGB prior to 1 April 1990 and requests the Commission to find that the CEGB's practices violated EU law. NALOO and SWSMA allege that such a finding would be grounds for a claim for damages in the English courts by their respective members. The Commission ruled on the complaint in 1998 and did not make any findings against the Group. Appeals against the Commission's findings were brought by NALOO and SWSMA. The SWSMA appeal was initially ruled out of time, but on appeal a faction was allowed to proceed. Progress with this claim will be influenced by the outcome of the NALOO appeal. At first instance, the European Court ruled that the Commission is under an obligation to investigate the complaint by NALOO. The Company, PowerGen plc, British Coal Corporation and the Commission appealed against the ruling to the European Court of Justice which delivered a judgment on 2 October 2003 for the main part dismissing the appeal. In its judgment, the court decided that the Commission has the power to investigate and the matter is now with the Commission for consideration. It is not practicable to estimate legal costs or possible damages, at this stage. RWE npower has agreed to indemnify International Power on an after-tax basis to the extent of 50% of any liability that the Company may incur whether directly or indirectly as a consequence of those proceedings.

The Directors are of the opinion, having regard to legal advice received, the Group's insurance arrangements and provisions carried in the balance sheet, that it is remote that the matters referred to above will, in aggregate, have a material effect on the Group's financial position, results of operations or liquidity.
